points

VIEW FROM
THE CELLAR

[The] grapes are all grown in organically-farmed vineyards... The 2017... offers up a complex bouquet of pear, lemon, salty soil tones, white flowers and vanilla oak. On the palate the wine is crisp, fullbodied, focused and complex, with a fine core of fruit, good soil signature, and a long, zesty and gently new oak finish. It is hard to get used to a white Rioja being half chardonnay, but the wine has good Rioja soil tones and is really quite well made. 2020-2040.

John Gilman - Issue #86 March / April 2020
